NOTES TO FINANCIAL STATEMENTS September 30, 2012

Note 1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying basic financial statements of the Rayne City Marshal's Fund have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Financial Reporting Entity:

The Marshal is an independently elected official; however, the Marshal is fiscally dependent on the City of Rayne. The City of Rayne maintains and operates the building in which the office is located and provides funds for salaries, equipment, and expenditures of the office. Because the Marshal is fiscally dependent on the City of Rayne, the Marshal was determined to be a component unit of the City of Rayne, the financial reporting entity.

Fund Accounting:

The Marshal uses fund accounting to maintain its financial records and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain office functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Governmental Fund

Governmental funds account for all of the Marshal's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources that may be used to finance future period programs or operations of the Marshal. The following is the Marshal's governmental fund:

General Fund – the general operating fund of the Marshal accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose, provided it is expended or transferred in accordance with state and federal laws and according to the Marshal's policy.

Basis of Accounting:

The modified accrual basis of accounting is utilized whereby revenues are recognized when they become available and measurable and expenditures when they are incurred. Measurable means the amount of the transactions can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Marshal considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred.

NOTES TO FINANCIAL STATEMENTS September 30, 2012

Vacation and Sick Leave:

The Rayne City Marshal's Fund has no vacation or sick leave policies as of September 30, 2012.

Fund Equity

Government-Wide Net Assets:

Equity is classified as net assets and displayed in three components:

- Investment in capital assets, net of related debt Consists of capital assets including restricted
 capital assets, net of accumulated depreciation and reduced by the outstanding balances of any
 borrowings that are attributable to the acquisition, construction, or improvement of those
 assets.
- 2. Restricted net assets Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or by (b) laws through constitutional provisions or enabling legislation.
- 3. Unrestricted net assets All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Governmental Fund Balances:

On October 1, 2010, the Marshal adopted GASB 54, Fund Balance Reporting and Governmental Fund Type Definitions, which significantly changed the reporting of fund balance in the balance sheets of governmental type funds.

In the governmental fund financial statements, fund balances are classified as follows:

- Non-Spendable Fund Balance amounts that can be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- Restricted Fund Balance amounts that can be spent only for specific purposes because of
 state statutes, state or federal laws, or externally imposed conditions by grantors, creditors, or
 citizens
- 3. Committed Fund Balance amounts that can be used only for the specific purposes determined by a formal action by the Marshal.
- 4. Assigned Fund Balance amounts that are constrained by the Marshal's intent that they will be used for specific purposes. The Marshal is the only individual authorized to assign amounts for a specific purpose and is the highest level of decision-making. Therefore, amounts must be reported as committed.
- 5. Unassigned Fund Balance all amounts not included in other spendable classifications.

The Marshal considers restricted fund balances to be spent for governmental expenditures first when both restricted and unrestricted resources are available. The Marshal also considers committed fund balances to be spent first when other unrestricted fund balances classifications are available for use.

Note 2. Basic Financial Statements - Government-Wide Financial Statements (GWFS)

The Statement of Net Assets (Exhibit A) and the Statement of Activities (Exhibit B) display information about the Marshal's Office as a whole. These statements include all the financial activities of the City Marshal's office. Information contained in these statements reflect the economic resources measurement

focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions.

The City Marshal's office only maintains one Governmental Fund – General Fund. All fiduciary activities are provided by Rayne City Court on behalf of the City Marshal's office and are accounted for separately through the Rayne City Court Marshal's Trust Fund.

Note 3. Budgets

The City Marshal's office is legally required to prepare a budget. The budget is prepared and adopted prior to the beginning of each fiscal year and amended prior to year end.

Note 4. Cash & Cash Equivalents

The Rayne City Marshal's General Fund bank balance of deposits with financial institutions amounted to \$23,865 at September 30, 2012 and is fully insured.

Cash consists of funds in non-interest bearing checking accounts. The Rayne City Marshal's Fund has no cash equivalents such as time deposits and money market accounts.

Note 5. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could vary from these estimates.

Note 6. Capital Assets

All capital assets are owned and maintained by the City of Rayne.

Note 7. Expenses of Rayne City Marshal's Fund Not Included in this Report

The accompanying financial statements do not include certain expenses of the Rayne City Marshal's Fund which are paid out of the funds of the City of Rayne.

Note 8. Litigation
